

JCC BUILDING FUND

In recognition of the fact that our wonderful JCC buildings age, the JCC identified the need for support to maintain our facilities at the excellent level our members expect. The JCC Board of Trustees recently approved a voluntary annual building fund fee of \$25 (\$2.09 on month-to-month memberships) per JCC member household to assist in addressing on-going facility needs. The building fund will be available for future major building repairs and improvements that go beyond the extent of the operating budget and beyond support from the Columbus Jewish Federation's Capital Repair and Replacement efforts.

Your support of the fund is very much appreciated.

Should you feel at this time that you are unable to contribute the fee, please sign below.

Please do not sign if you would like to make the donation.

I choose to opt out of the Building Fund Fee for this year
