FROM GENERATION TO GENERATION AT THE J

"The JCC has been at the heart of our family's story for generations. we met our closest friends through

JCC preschool, watched our kids grow up with a love for the J through participation in nearly every program, and now we're seeing them reconnect — and even marry — some of the friends they made as children. It's incredible to see this repeating with our grandchildren. The JCC has been a thread in our family's journey, and it's so important to us to give back and ensure it's here for generations of your family, too. Seeing our community come together and watching the next generation step up as leaders and philanthropists is truly a privilege."
